

3 Courses

**Basics of Cost Accounting:
Product Costing**

**Cost Accounting: Profit and
Loss Calculation**

**Cost Accounting: Decision
Making**

May 26, 2023

Li Zhu

has successfully completed the online, non-credit Specialization

Cost Accounting

In this Specialization, learners developed and honed essential cost accounting skills, including product costing, profit and loss calculation, and understanding of cost behavior. Participants learned how to plan, control, monitor, and document cost information to improve decision-making. The specialization is structured along lecture videos and readings and includes numerous illustrative examples from a variety of industries. During each sub-chapter, learners completed quizzes and interactive learning elements, as well as practical exercises like building an Excel spreadsheet to determine cost functions.

Prof. Dr. Gunther Friedl,
Chair of Management
Accounting
Dr. Peter Schäfer, Chair
of Management
Accounting

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
